The Program

- IBM will match eligible contributions of up to \$5,000 per institution per donor, to a total of \$10,000 in gifts per donor for the calendar year, to approved U.S.-based colleges, universities, and other post secondary institutions, pre-k/k-12 schools, hospitals, hospices, nursing homes, cultural and environmental institutions.
- IBM's Matching Grants Program offers an institution the option of choosing either a cash match or an equipment/software credit match.

• IBM matches will be cash matches unless the institution requests in writing the equipment/software credit match. Employees may not designate their gifts for the cash or equipment match as the decision is the option of the institution. An institution's annual grant may not be divided into both cash and equipment credits.

• Cash Match:

Active Employees	1:1
Retirees	1/2:1

• Equipment Match:

Active Employees	2:1
Retirees	1:1
