ELAC Frequently Asked Questions (FAQ)

Q. What is ELAC?

- A. Each California public school from Kindergarten through 12th Grade with 21 or more English learners must form a functional English Learner Advisory Committee (ELAC), which is a group comprised of parents, staff, and community members who want to advocate for English learners.

Q. What is ELAC's Role?

- A. ELAC provides parents of English learners (EL) with the opportunities to:
- Learn about programs offered at school.
 - Work with the principal and SSC on effective programs and services to support ELs.
 - Work with the principal and SSC on the development of services for English learners in the Balanced Score Card/Single Plan for Student Achievement (BSC/SPSA).
 - Assist in the development of the school's needs assessment and efforts to make parents aware of the importance of regular school attendance.
 - Send information via a site representative to DELAC (District English Learner Advisory Committee).

Q. How are students identified as English Learners?

- A. Students in Kindergarten through 12th Grade whose home language is not English are required by law to be assessed in English language proficiency. In California, English Language Proficiency Assessments for California (ELPAC) are used starting 2017-2018 (transitioned from CELDT). ELPAC allows schools to identify students who need to improve their skills in listening, speaking, reading, and writing in English. For more information about ELPAC, visit the [SRVUSD's Frequently Asked Questions](#) page.
